Paul Plummer Esq
Director, Planning & Regulation
Network Rail Infrastructure Limited
40 Melton Street
London
NW1 2EE

Dear Paul

Development of the asset register - certification of the completeness of all tasks specified in the asset register guidelines

Iain Coucher wrote to Bill Emery on 20 December 2007, certifying that Network Rail has completed all the tasks identified in the guidelines as being necessary to comply with Condition 24 of your network licence.

We acknowledge and welcome that certification, as it is a significant point in Network Rail moving toward compliance with Condition 24. We now look forward to the completion of the audits of the individual tasks by AMCL, expected at the end of February, so that we may form a view as to whether this has been attained. The process for this can be discussed in scheduled meetings.

Yours sincerely

Michael Lee
